AUDIENCE QUIZ

How much do you know about identity protection or identity theft? Take this quiz and find out.

TRUE OR FALSE?

1. My 5-year-old child just got a call about an overdue credit card account. It sounds like a computer error. I told the caller that this wasn't my child's account. That should take care of the situation.
2. I check my financial accounts and bill statements when they come. That helps reduce my risk of identity theft.
3. I got a notice from the Internal Revenue Service out of the blue. I called the number on the notice to get the details.
4. I'm getting bills for accounts I never opened. I should compile all the bills and wait to see if any charges pop up on my existing accounts.
5. An Identity Theft Report can help me fix some problems caused by identity theft.
6. I reviewed my credit report when I bought a house about a year ago. Everything checked out so I'm not at risk for identity theft.
